THE KING EDWARD

Everything home-like. Prices Reasonable. Close to Shopping Center. Think it over. Fifth Street, East of Main. THOS. W. L. LAW, Manager.

Mesilla Valley Peaches Have Supplanted the Elbertas

The weekly inventory of the produce shops finds that Elberta peaches have run their short sweet race. On the other hand, the Mesilla valley peachers dropped from 35c per basket to 25c, so life is not without its compensations. Fancy valley peaches--try them for breakfast--may be had at 5c per pound and for the farseeing housewife there are preserving pears at \$1 per box of 40 pounds. That will be about all for the fruit. As to vegetables, there has been no change in prices since last week, nor has anything new appeared on the market to go-go the appetite. Still one does not live to eat, and there is still sufficient variety of stuffs in the market for those who eat to live.

The prices on meats at the butcher shops remain unchanged.

Following are the local current quotations on fruits, vegetables, meats, etc.:

Fruits.	
Mesilla valley peaches.....	25c per bskt.
Valley peaches.....	25c per bskt.
Fresh figs.....	25c per lb.
Grapefruit.....	10c 3 for 30c

Steaks.....	20c to 22c per lb.

There has been no change in the local alfalfa and feedstuff markets, though dealers look for a rise in oats soon. Corn also has a rising tendency. Following are the local quotations for the week:

Alfalfa, wholesale.....	\$13 per ton
Alfalfa, retail.....	\$15 per ton
Northern Texas hay.....	\$18 per ton
Corn, wholesale.....	\$1.65 per cwt.
Corn, retail.....	\$1.75 per cwt.
Texas oats, wholesale.....	\$1.50 per cwt.
Texas oats, retail.....	\$1.60 per cwt.
Chops, wholesale.....	\$1.65 per cwt.
Chops, retail.....	\$1.75 per cwt.
Barley, wholesale.....	\$1.60 per cwt.
Barley, retail.....	\$1.70 per cwt.

All crippled and convalescent children who desire to attend the children's picnic Monday, August 15, will be called for, if names are reported to Mrs. Thos O'Keefe, 813 North Ochoa street.

Let us suggest a dainty frozen dessert. Phone the Elite and time.

WOMAN DRINKS MATCH HEAD POISON, RECOVERS. Maria Corolla, the youthful Mexican actress who took home phosphorus poison, has recovered. She has gone to the city of Chihuahua to join a theatrical company. Prompt action of El Paso physicians is all that saved the life of the unhappy young woman. She swallowed the sulphur contained in a whole box of matches, which she had dissolved in alcohol.

MINING AND OIL NEWS.

IMPERIAL COMPANY CEASES ITS WORK

Extraction of Copper to Be Stopped Temporarily, the Report.

It is reported that the extraction of copper will be stopped by the Imperial Copper company of Arizona for the present, on account of the low price of copper. Underground development will continue, however, but none will be hoisted. It is planned to devote more attention hereafter to the extensive porphyry territory which the company owns. One claim of 20 acres has been explored with about 20 holes and all at least commercial ore running at least 2 percent copper to 3 1/2 percent. In a short time the Imperial company has put in eight 5,000,000 tons of porphyry ore, while there yet remain to be explored about 20 additional claims. The company owns a 300-ton concentrating plant and a smelter capable of treating 150 tons daily. The directors are considering the enlargement of the concentrator so that between 2000 and 3000 tons of ore can be treated daily.

ORE IMPORTATIONS JULY AT EL PASO

The importation of mineral ores from Mexico into the United States through the port of El Paso during the month of July, 1910, as shown in the records of the customs house are as follows: Tons of ore, 7212; number of carloads, 264; total value, \$58,798. Of the above shipments there were 1576 tons of calamine (zinc) of the value of \$15,626, and 5426 tons of ore containing lead, silver and gold of the value of \$34,032, and copper of the value of \$7140. The duty on zinc has decreased the shipments of that mineral materially.

LA CORONA MINE NOW HAS TWO LARGE TUNNELS.

La Corona, in the Magdalena district, Sonora, Mexico, acquired about a year and a half ago by Bisbee mining men has been actively developed for the last three months. Two tunnels have been driven, one 200 feet long and the other 75 feet. In the longer tunnel, one of the ledges showing a width of only three feet at the surface has already been cut showing a width of 14 feet and averaging \$2.50 per ton in value. A second ledge that will be cut by this tunnel, is 40 feet wide at the surface, showing good values. This tunnel will also cut a third ledge which it is expected, will be the richest of all, as it has a surface width of 15 feet and assayed at the surface \$8 per ton.

EL MAYO MINES READY TO ERECT SMELTER.

The El Mayo Mines company of Mexico, limited, is operating mine properties in the Alamos district, state of Sonora, Mexico, under the direction of W. W. Mitchell. The property covers about 500 acres, containing copper, gold and silver bearing veins. Though work was only commenced March 10, 1910, a vein rich in copper and gold has been developed, the gold being visible. The consulting engineer reports abundance of ore and everything ready for the smelter to be erected.

GREEN CANANEA MAKES SEVENTY TONS DAILY.

Reports from Cananea, Mexico, state that production is averaging approximately 70 tons of copper bullion daily and that the July figures will be probably about 425,000,000 pounds. At the smelter, six out of eight blast furnaces and one reverberatory are in operation, two blast furnaces being held in reserve, but under a policy of copper curtailment production will of necessity be cut down.

YOQUIVO'S CYANIDE PLANT.

The Yoquivo Development company has just concluded a 30 days' run of its new cyanide plant, and the plant has been temporarily shut down to permit changes of a minor nature. Meantime regular shipments of high grade ore and concentrates are being made, a recent car lot returning over \$40,000. The mines are at Yoquivo, Rayon district. In the southwestern part of the state of Chihuahua, and are controlled by the Quailley brothers.

STRIKE OF SULPHIDE REPORTED.

Another new strike of sulphide is reported in the Mesquite mine, owned by the Mesquite Sulphide Co., near Dos Cabezas, Ariz. It was made in a drift, being run from the station at the 100 foot level. Practically the whole face, top, sides and bottom of the drift are sulphide ore, similar to that encountered in the Oregon open cut of the same mine.

SIERRA DE COBRE.

At the Sierra de Cobre mine of the Indiana-Sonora group in Cananea, which has recently become an important factor in the company's silver production, developments are proving satisfactory. These ore, which are smelted direct, in addition to carrying high values in the precious metals, carry approximately 7 percent copper per ton.

THE DESERT GOLD MINE SOLD.

The old Desert Gold mine, two miles north of Vicksburg, Ariz., owned by the Mount Antelope Gold Mining company, has been transferred to Benjamin P. Hall, of New York, and associates. The stamp mill will be started October 1. There is said to be enough ore on the dumps to keep the mill running the next 12 months.

COPPER QUEEN IMPROVEMENTS.

The Copper Queen Mining company of Bisbee, Ariz., has prepared plans for expending \$500,000 in the installation of McDougal reverberatory furnaces in connection with the company's smelter at Douglas. A half million brick have been ordered from the El Paso Brick company.

HANOVER WORKS STEADILY.

The Hanover Copper company is prosecuting active development on its mines at Hanover, N. M., and making occasional shipments of zinc ore in carload lots.

Peach ice cream delivered after supper. Phone the Elite.

Priest Stops Riots In New York City

Rev. Father William B. Farrell, priest of the Church of St. Peter and St. Paul, New York, who recently stopped the rioting between the strikers of the American Sugar Refining company's Williamsburg plant, the strike breakers and the police. Father Farrell was at the rioting when the rioting broke out and immediately ran to the scene. In the shower of bricks and other missiles, the priest stumbled over the form of a man on the ground. The man was dying from a shot alleged to be fired by an employee of the sugar company. The priest knelt and gave him the consolation of the last rites. After that the priest went among the strikers who were still shooting and hurling bricks, commanding them to desist. He spoke but a few words and the men, most of whom are foreigners, immediately ceased rolling and accompanied the priest to the church where Rev. Father Farrell spoke to them from the steps of that edifice. Rev. Father Farrell is now attempting to bring about a settlement of the strike. The sugar trust officials have already promised to grant all concessions with the exception of taking back all of the former employees.

ABOLITION OF CASTEE BAD FOR THE SOLDIER.

Boston, Mass., Aug. 12.—Although he did not directly advocate the reestablishment of the army canteen, Rev. Father George J. Waring, chaplain of the 11th cavalry, U. S. A., in an address before the national convention of the Catholic Abstinence union, implied that its abolition was a mistake.

Father Waring declared that the soldier was driven to drink largely by the fact that he was practically barred from high class amusement and refreshments. He added: "He has been deprived of a canteen where he was accustomed to get a glass of pure beer without going away from his home, and where he could neither meet had company nor drink to excess. He is shunned by all respectable people. His self respect is crushed within him and he naturally enters the only open door—that of the saloon."

Where he was accustomed to get a glass of pure beer without going away from his home, and where he could neither meet had company nor drink to excess. He is shunned by all respectable people. His self respect is crushed within him and he naturally enters the only open door—that of the saloon."

SOLOMONVILLE PERSONALS.

Solomonville, Ariz., Aug. 12.—Trinidad Michellina is home from school in Los Angeles, California.

Miss Billy of Graham, is stopping with Mrs. L. B. Gumbler and preparing for the teacher's examination to be given September 1.

Mrs. Conie Robinson, late of Wilcox, was married to Chas. E. Yett, of Solomonville.

A hay ride and a gyrar supper were indulged in by the young people of town. After their ride they cooked their supper camp fashion and all enjoyed it even if it did rain.

Mrs. A. Abiel and Mrs. C. F. Ford of Tombstone, Ariz., who have been here
